## Olympic torch may make stop in Falls

Posted 8 hours ago

The Olympic torch could light up Niagara Falls before the 2010 Winter Games in Vancouver.

Mayor Ted Salci confirmed the Falls is one of the cities organizers will invite to participate in the 100-day relay leading to the Vancouver games.

"We've been contacted. We're going to be getting a letter requesting our participation in the torch relay," Salci told reporters Monday. Fort Erie Mayor Doug Martin told The Review his town had not been contacted.
