TIDE AND VINE OYSTER HOUSE OPENS RESTAURANT IN NIAGARA FALLS

The Tide and Vine Oyster Company was intellectually conceived in March of 2012. Only two months later it was a reality, with a crew of five people shucking oysters for the 6000 person, vEats event at Peller Estates, Niagara on the Lake. They opened their first restaurant in Niagara Falls at 3491 Portage Rd. in December 2014. Owners and operators Mike Langley and Kat Steeves' passion for Niagara wine along with their experience with seafood revealed an obvious pairing. The Tide and Vine Oyster Company quickly made a splash at wineries, Farmer's Markets and weekend events. Chefs, foodies and local support quickly created a buzz about this new and unique Company's way of bringing seafood to the consumer rather than hoping to be found. Tide and Vine is dedicated to honest service, fresh products and the fairest possible price and now customers can enjoy their delicious menu options throughout the week.

CLOSE UP KINGS TAKE NIAGARA FALLS

In 2014, Close Up Kings brings audiences in Niagara Falls the adventures of three best friends, who also happen to be America's top slight-of-hand artists. Magick Balay, Loki, and Johnny Blaze travel from city to city taking on different challenges and attempting to outperform one another. Viewers were enthralled by the trio's carefully orchestrated and artfully executed capers and tricks that become more complex as the stakes get higher. From bringing a bird back to life and teleporting a person 700 yards across the desert, to performing an amazing Houdini-style jail escape in front of a crowd, these magicians have audiences asking, "How did they do that?!"

CROWDS PACKED QUEEN STREET FOR EIGHTH ANNUAL SPRINGLICIOUS FESTIVAL

Crowds packed Queen Street from May 30th to June 1st for the Eighth Annual Springlicious Festival. There was a variety of food and merchandise vendors along the six-block route as well as many Queen Street businesses welcoming new and returning customers. Billed as "the food-fun-music festival," Springlicious guests were able to sample various culinary creations as well as beer and wine. Sloan, a Juno award-winning band, headlined Saturday night's festival and attracted a crowd of over 5,000 with over 30,000 in attendance during the 3-day festival. The festival is operated by Celebrate Old Downtown Community Corp., a non-profit agency that works to support the City's downtown core.

SUMMER OF THRILLS

The Summer of Thrills series was put on by Zero Gravity Circus, a Toronto based circus production company, in partnership with Niagara Falls Tourism, Victoria Centre BIA and the Tourism Partnership of Niagara. He's not crossing the Niagara Gorge, like Blondin did on a tightrope 155 years ago, but Enrique Valencia was a thrill-seeking daredevil ready to make a name for himself in Niagara Falls. Throughout the summer, Valencia did performances where he drove across a three-quarter-inch wire, suspended more than 30 metres above the ground, between a billboard and the Days Inn on Victoria Avenue. Valencia also balanced on top of a motorcycle, while his mother did acrobatic performances down below.

GET NIAGARA GOING!

Working together, Niagara's 12 Mayors and Regional Council are pushing to bring daily commuter GO train service to Niagara. On a Regional and City-wide scale, GO Transit is an important issue and has significant implications for the economic growth of the Region. Commuter rail service would expand the scope of Niagara's employment market by drawing new job opportunities to the Region and opening new avenues to access jobs in the Greater Toronto Area (GTA). During the Ontario Economic Summit, Premier Kathleen Wynne and Transportation Minister Steven Del Duca met with local politicians and education officials to discuss the possibilities.

BICENTENNIAL WAR OF 1812

The City of Niagara Falls and hundreds of community members returned to Drummond Hill on Friday July 25, 2014 to mark the 200th Anniversary of peace from what was known as one of the bloodiest battles of the War of 1812. To mark the bicentennial of the Battle of Lundy's Lane, the city installed a large steel gateway across Lundy's Lane. The Lundy's Lane Battlefield Gateway project was built by Rankin Construction of St. Catharines at a cost of \$400,000 with the arches weighing in at about 40,000 pounds.

NEW 2014 NIAGARA FALLS TRANSIT ROUTING SYSTEM

After extensive public consultation, Niagara Falls Transit implemented exciting new changes that will enhance the riders' experience. Improvements can be seen in connections, new routes to and from popular hubs, and integration of the new WEGO transportation system and a new open transfer policy allowing riders' to transfer as many times as they like, in any direction and at any stop location, within 60 minutes from the time you initially board the bus. These improvements to Niagara Falls transit have provided a solid foundation to further enhance transit riders' experiences. WEGO ridership for the calendar year 2014 was 1,447,668. Since system startup in August 2012, a total of 3,542,217 riders have used the system.

NEW NIAGARA FALLS BUS MAINTENANCE FACILITY NEARS COMPLETION

As part of a broad project to improve the visitor and commuter experience in Niagara Falls, a new \$ 25.7 million bus maintenance and operations facility is being constructed by Aquicon Construction and under project management by MHPM Project Managers Inc. The new 104,000 sq. ft. facility, is located on Heartland Forest Road in the city's south end and will be four times the size of the existing 50-year old facility and will have the capacity to handle the growth and articulated buses the new transportation model required. The steel and concrete structure will house about 20 offices for operations staff, 10 maintenance bays, and has room for indoor and outdoor storage. The new facility meets requirements for LEED gold construction to create a 30 % reduction in energy overall. This design was executed in collaboration with the High Performance New Construction (HPNC) and Savings by Design incentive programs administered through Enbridge.

THOROLD STONE ROAD EXTENSION TO GALE CENTRE UNDER CONSTRUCTION

In September the Mayor and local Dignitaries broke ground on the Thorold Stone Road extension at Stanley Avenue, a much anticipated construction project for local residents on Fourth Avenue and City Officials. The land donated by Cytec, a chemical company that operated the former Cyanamid plant for generations where the Thorold Stone extension will run through, has a lease agreement with Falls Community Development (FCD), a real estate firm. FCD proposed a partnership with the Region to extend Thorold Stone Rd. to the arena, and the company is planning to redevelop the old Cyanamid site to light industrial and commercial use. That all led to complicated and extended negotiations, which involved the Province's Ministry of Environment because it involved old industrial land requiring rehabilitation. The Region and City of Niagara Falls are investing about \$6.5 million each for the Thorold Stone Rd. extension to the arena and for the intersection and FCD is contributing \$1.4 million. The Stanley Avenue reconstruction is scheduled for completion by June 2015.

NIAGARA SOUTH HOSPITAL PLANNING MOVES FORWARD WITH ADDITION OF MEDICAL RESEARCH PARK

Ontario Ministry of Health and Long-Term Care and the Province of Ontario has provided \$26.2 million to plan a new hospital in South Niagara and two Urgent Care Centres. The new site is located one block west of the Lyon's Creek Rd., Q.E.W. Highway exit in Niagara Falls. The donation of 30 acres of land by the Grassl family, located at the northeast corner of the Montrose/Lyon's Creek intersection, will house the hospital, with the remaining land slated for a future medical research park. The planning grant will support the early planning stages by defining the programs and services to be provided in order to meet local health care needs, and preparing plans for the size and site of the new hospital and urgent care centres.

TEAM NIAGARA

The Region's Economic Development office with the area Municipalities have worked to develop a "Team Niagara – Economic Development Action Plan" focusing on three pillars critical to the Region's future success:

Pillar 1: Investment Attraction, Lead Generation and Innovation & Entrepreneurship

Pillar 2: Economic Research and Analysis

Pillar 3: Advocacy

Through this new plan an additional investment of \$500,000/annually for 4 years was approved for municipalities to collaborate on a transportation master plan (Inter-municipal transit), mobility hub, GO train expansion and a provincial commitment to a Niagara-GTA Corridor on top of work related to the three pillars listed above.

BeckCluster

Creating Jobs & Economic Growth

BECK ECONOMIC CLUSTER PILOT PROJECT

Niagara has a long history of using closeness to hydroelectric power as a competitive advantage. Through the proposed Beck Economic Cluster pilot, the Industrial Power Users of Niagara hope to leverage that historic advantage into an economic jolt for a region in need of good manufacturing jobs. The Beck Economic Cluster would provide businesses whose power is a major cost of production, within a 50km radius of the Beck generating station in Niagara Falls, with incentives in the form of reducing the associated costs of electricity for expanded or newly-established production, as well as incentives for existing production. Creating an industrial power incentive cluster anchored in Niagara re-establishes a key competitive advantage for the region and will position Niagara to once again attract heavier power-use industry and high-paying skilled jobs, reinvigorating the regional economy. The Beck Economic Cluster will not only promote a strong and competitive Niagara economy but also capitalize on the Region's existing assets and contribute to electricity provincial conservation efforts.
